Defibrillator

The Parish Council supported the Whiteparish First Responders grant application for a new battery and pads for the Community Public Access Defibrillator (cPAD) located at the Parish Lantern and is very grateful to those involved.

Planters at the triangle opposite the shop and church.

A big thank you to Courtens Garden Centre for donating the plants and for the members of the Garden Club who again very kindly offered to undertake the planting along with 'the Shop' and close neighbours who are watering. The Parish Council wishes to thank everyone who has assisted.

Overhanging vegetation

Do you own a hedge, bush or tree along your property boundary? To ensure that the many pedestrians using our village footpaths can use them easily and safely, please trim back any of your plants or trees which overhang the footpaths.

Also do you own a tree or bush with low branches overhanging or protruding into the highway? These may need to be trimmed to allow a safe, uninterrupted passage past or beneath them. If you have a large awkward tree branch overhanging the main highway, and you live in the [Conservation area of the village](#), you will need to seek advice from the local Tree Officer at Wiltshire Council. Tel: 0300 456 0114 / Planningtrees@wiltshire.gov.uk

Wiltshire Council Highways Authority have advised us that the minimum clearance over a carriageway is 5.1 metres and over a footpath it is 2.1 metres. The Highway Authority has the powers to enforce these clearances.

Please do not cut hedges during the bird nesting period unless there is a safety risk, such as with an obstruction or at road junction sight lines.

A27 Brickworth Road closure

Wiltshire Council Highways have advised that there will be 2 further closures to Brickworth Road to complete the surface dressing programme however, to date, they are unable to confirm the dates.
