

# ROAD CARRIAGEWAY WORKS – A27 WHITEPARISH ROAD CLOSURE

Dear Sir/Madam,

As consultant representative for Wiltshire Council, I write to inform you of road marking reinstatement works programmed on **A27 Whiteparish, Southern Wiltshire** that will be taking place between the following dates and times:

- **Friday 8<sup>th</sup> July 2022 to Sunday 10<sup>th</sup> July 2022** between the hours of **19:00 and 05:00**

The site extents can be viewed on the attached drawing. Due to the nature of the works and the local environment, the works will be carried out within a temporary road closure to ensure that adequate Health & Safety is maintained for the Contractor, road users and local residents. The main diversion route for all 'through' traffic whilst works are being undertaken within the road closure will be as per the attached road diversion drawing. Traffic management will be removed outside of working times.

The Contractor will maintain pedestrian access for residents for the duration of the works but depending upon what operation is being undertaken and where it's being undertaken residents may find that when accessing or egressing from their property in their vehicle, they may experience a delay and have to wait for plant to be moved out of the carriageway. It is recommended to residents that when leaving their property they allow extra time for any possible delays, and when returning to their property there will be traffic management operatives located at the extents of the works who will be able to assist.

There will be points during the lining process where vehicular access will be restricted as residents won't be able to drive over the newly laid markings, as early trafficking could lead to premature failure, therefore it is recommended to residents that if works are being undertaken in the vicinity of their property to speak to the workforce in advance to ask if there will be any restrictions with regards to access.

Advanced signing will be erected and letter drops to all residents located within the site extents will commence week starting **Monday 20<sup>th</sup> June 2022**. Signing will be in place advising that local businesses will be open as usual.

I would like to take this opportunity to apologise for any inconvenience these works will cause but trust you will appreciate the necessity for these essential works to maintain Wiltshire's highway network.

Should you require any further information in advance of the works please refer to <https://one.network/tm#tm/plan/view/129310837>. If you wish to discuss the works whilst they are in operation, please speak to a member of the workforce who will direct you to the appropriate person on site.

**Kind Regards,**
